CAREER OBJECTIVE

Motivated and detail-oriented Computer Science Engineering (AI & ML) student with hands-on experience in Machine Learning, Deep Learning, and Generative AI. Seeking an entry-level role to apply my skills in model development, problem-solving, and real-world AI applications.

TECHNICAL SKILLS

Programming Languages: Python, Java, SQL, C
Tools & Platforms: Git, GitHub, VS Code, Power BI
Libraries & Frameworks: TensorFlow, PyTorch, Hugging Face.

INTERNSHIPS

Machine Learning Intern – 1Stop Platform (2024)

- Developed landmark detection and text-classification models using TensorFlow.
- Performed data preprocessing and model evaluation.

Generative AI Intern – NextHub Technologies (2025)

- Implemented GANs, VAEs, and Transformer models using PyTorch & Hugging Face.
- Built text and image generation applications with prompt-based workflows.

PROJECTS

Pet Face Classification (AI Project)
- Built a CNN-based deep learning model to classify pet images into dog, cat, and other categories.
- Performed image preprocessing, feature extraction, and model training for high accuracy.
- Evaluated model performance using confusion matrix and tuning hyperparameters.

Generative AI Models (Internship Project)
- Implemented GANs, VAEs, and Transformer-based models for text and image generation.
- Developed prompt-based applications using PyTorch and Hugging Face.
- Improved model outputs through optimized training loops and dataset preprocessing.

Local Job Portal – Hackathon Project
- Developed a simple and responsive job portal using HTML, CSS, and JavaScript.
- Designed pages for job posting, job search, and basic navigation.
- Focused on clean UI and smooth user experience for front-end users.

EDUCATION

B.Tech in Computer Science Engineering(AI&ML), Gouthami Institute of Technology and Management for Women (2022 – 2026) – CGPA: 8.5
Intermediate, Govt. Jr. College, AP (2020 – 2022) – CGPA:8.2
High School (SSC), SBNRM High School, AP (2019 – 2020) – CGPA: 9.8

CERTIFICATIONS

- Git & GitHub Live Training
- Generative AI Internship – NextHub Technologies
- Python Programming – PrepInsta
- Advanced Machine Learning – NextHub

SOFT SKILLS

- Communication
- Problem-Solving
- Teamwork
- Adaptability

ACHIEVEMENTS & HACKATHONS

- Consistently maintained a CGPA above 8.0 during engineering.
- Academic Topper – Recognized for academic excellence with CGPA 8.5/10.
- Advanced Machine Learning Certification – NextHub Technologies.
- Actively participated in coding contests and hackathons.
